

Company Profile

Vanguard Solutions Consulting has been providing strategic marketing, project management, event management and training & development services for over 20 years. We have gained expertise by working with clients throughout various regions of the country. VSC has leveraged that experience to provide custom services to federal and local government agencies, non-profit and religious organizations, small businesses, educational institutions, corporations, and the health care industry. Vanguard operates by the "Masala Principle." We help our clients, "take what they have and create what they want."
